

## NRPSI REVIEW

### Post Review Sub-Committee

Communiqué of meeting held 19<sup>th</sup> April 2010

Present: Brooke Townsley (chair)  
Tony Bell  
John Hammond  
Alan Thompson

*Please find below a record of the main heads of discussion at the sub-committee meeting held on 19<sup>th</sup> April 2010.*

Two sub-committee members were unavailable for the meeting. The meeting was therefore relatively brief and concentrated on administrative matters and updates.

- 1) Apologies were received from Willie Makin and Helga Bateman
- 2) The notes of the 29<sup>th</sup> March meeting were reviewed and action points arising revisited, as follows:
  - a) Re: the modalities of exchange of information between regulator list and membership body further information had been received and circulated. These data suggested a mixed picture that requires further analysis and discussion by the sub-committee before firm recommendations can be formulated.
  - b) Re: the appointment of a project coordinator, a job description for the post has been formulated and circulated to committee members and a potential candidate is to be contacted.
  - c) A report back on the online Review Forum was received. The forum is now set up on the NRPSI website and registration procedures can now start.
  - d) The Aide Memoire of the meeting at the BTU remains to be completed.
- 3) It was agreed that the next teleconference (subject to availability) should be held on Wednesday 28<sup>th</sup> April 2010 at 1000.
